GLEE CLUB CONCERT AND DANCE TOMORROW

Will Present Varied Program
Consisting of Twelve Num-
bers, Including Stringed
Instrument Quartet.

WILL BE AT CITY CLUB.

Club Composed of Thirty Members
Has Been Practicing Since Start
of College—Have Given
Other Concerts.

To-morrow night the annual Glee Club Concert and Dance will be held in the main auditorium of the New City Club, 1320 G Street, beginning at 8.15. An unusual and varied program has been arranged, totaling about a dozen numbers, including selections by the whole club, solos, and a stringed instrument quartet. Dancing will begin at 10, and last until 12. Tickets are selling for one dollar each.

The club has been practicing since the first week of school under the able direction of Mr. Mueller, director of music at the First Congregational Church. Several concerts have been given by request, the last on Sunday, at Walter Reed Hospital. The club is now composed of thirty members.

The complete program as announced

FRESHMEN DEFEAT GEORGETOWN CUBS

Teamwork Wins in Hard and
Well-Played Contest.

Buff and Blue Freshmen conquered the Hilltop cubs in a fierce basketball scrap, 26 to 17, as a preliminary to the Varsity game with the same crew. It was a rough contest, but the G. W. Frosh clearly outplayed their opponents, and were able to hit the basket more frequently.

Play started with a bang, and Georgetown scored the first point with a toss from the foul line. G. W. did not remain behind very long, for it overcame the Blue and Gray lead and stayed ahead by the margin of a point or two until the last quarter, when two baskets by Kent widened the margin between the scores.

Close guarding on the part of the Hatchette guards kept the G. U. score down. The Hilltop forwards, Boolean and O'Leary, had very few easy shots under the basket, and most of their points were made by shots from the center of the floor.

The teamwork of the G. W. Frosh showed a great improvement over that of previous engagements. They passed all around the big Hilltoppers and showed plenty of fight in close floor play.

With the G. U. Frosh out of the way, the Hatchette Freshmen are priming for another rival, the C. U. yearlings. This contest is scheduled as a preliminary to the big C. U.-G. W. at the Coliseum on February 6.

Line-up and summary:

Substitutions: G. W. Frosh, Werney for Brown, Baum for Beeton; G. U. Frosh, Doolan for Shea, Shea for Doolan, Joyce for Doolan, Cashman for Quinn. Court goals, Taylor 2, Joyne 2, Beeton 2, Doolan 2, Slane 4. Free goals, Brown 2 in 2; Beeton 7 in 9; Kent 6 in 8, Doolan 2 in 2, Shea 2 in 2, Slane 1 in 1. Time of periods, 20 minutes.

PROFESSORS ILL.

Professors as well as students have and are having their share of the grippe. Among the members of the faculty on the sick list before and since exams are Professors Moss, West, Delbert, Bolwell, Hankin, and Ruediger. It is hoped that all of them will recover rapidly and return to the University.

WATCH THE POSTMAN

Dean Rose states that marks will be sent out as soon as the professors send them in, and "E" will be sent out as soon as they are reported.

The following new classes have been started the first of the semester: First year French, First year Spanish, a class in Evolution, by Prof. Gregg; College Algebra.

RECEPTION AT RALEIGH FIRST JUNIOR EVENT

Nine Course Rotating Tea Spon-
sored by Interfraternity
Council.

PROM ON FEBRUARY 23

Will Present "Charm School" at Ma-
sonic Auditorium on Evening of the
26th — Cast Announced — Novelties
Scheduled for Prom Night.

The Junior Reception at the Hotel Raleigh in the afternoon of February 22nd, directly following the Midwinter Convocation exercises, will usher in the Fourth Annual Junior Week Celebration. The reception will be followed by the Promenade at the City Club on the night of the 23rd, a Rotating Tea on Sunday the 25th, staged by the Interfraternity Association in honor of the Juniors, and the final event, Alice Duer Miller's three act play, "The Charm School," presented in the Auditorium of the Masonic Temple, Thirtieth and New York Avenue, on Monday evening the 26th.

Reception Opens Celebration.

The first event on the Junior program will be held at the Hotel Raleigh on the afternoon of the 22nd. The committee of the class has completed arrangements for an open reception to the officials, faculty, and students of the University. Beginning at 5 p. m. and lasting until 8, there will be music for dancing and presentations of selections by "local talent." Punch will be served.

The annual promenade will be staged at the new City Club the following evening. Meyer Davis' "Famous Nine" will be there to play until 1 a. m., when the LeParadis Orchestra will take their places to play until the closing of the dance, supposedly 2 a. m.

Earl Manson, chairman, has announced that suitable programs have been ordered, and that the dance will justify the admission price of five dollars. Tickets are on sale under the general direction of E. S. Bettelheim, Jr.

SECOND PART OF TAX DUE

Athletic Cards bearing the letter "A" will NOT admit to the Buchnell game next Tuesday, or to any of the coming games or other athletic events. "B" cards can be obtained from the treasurer's office upon payment of the second installment of the activity pledge.

THREE CORNER INTERFRAT TIE WILL BE SETTLED SOON

Phi Sigma Kappa Leader in First
Division, to Play Victor of
Field Teams.

Finals in the Interfraternity Basketball League are to be played off soon. Phi Sigma Kappa has emerged victorious in their circuit and are due to play the winner of the other circuit, in which Delta Tau Delta, Sigma Alpha Epsilon, and the Wandering Greeks are tied for first place. The "Deltas" and S. A. E. are to settle their differences the latter part of this week, leaving the winner to play the Wandering Greeks. After these two matches are played the date for the "world series" contest will be set.

In two engagements played recently Delta Tau Delta and Sigma Alpha Epsilon came out on top. The "Deltas" trounced the Kappa Alpha "five" by the score of 28 to 10. Colburne was the individual star of the "Deltas," while Held played a stellar game for the losers. The S. A. E. basketekers defeated the strong Sigma Phi Epsilon team in a close contest. Whyte played a great game for S. A. E. Law was the best bet of the S. P. E. aggregation.

G. W. RIFLE TEAM ENTERS NATIONAL MATCH

The G. W. U. men's rifle team has entered two teams in the Intercollegiate championship match, and is practicing hard for the event each Monday and Saturday evenings, at Marine Barracks Range. A number of additional matches are being scheduled. These will probably include Navy, Georgetown, University of Pennsylvania, and the University of California. Only strong opponents are being listed on the G. W. schedule.

JUNIOR TEACHERS MEET.

Junior teachers will hold a class meeting on Wednesday, February 7, in room 1, at 7 p. m.

G. W. MEETS BUCHNELL IN COLISEUM TONIGHT

Game Should Prove Highly
Interesting, as Buchnell
Has Strong Team.

BOTH QUINTS IN SHAPE

Pennsylvanians Have Won Four Out
of Five Games on Southern Trip—
G. W. Has New Plays to Use
Against Invaders.

Buchnell will face G. W.'s basketball quint at the Coliseum gym tonight, in what promises to be a very interesting match. The Northerners will present one of the strongest collegiate aggregations that have visited Washington this season.

The caliber of the Buchnell "five" can be gauged by their showing against C. U. last night, and the Brooklanders have a team that ranks high among local schools.

Buchnell is on a southern invasion, and has a record of four wins out of five games played to date. These basketekers should be in the best of shape, judging from the pace they have been setting.

On the other hand, G. W. has had a week of rest, and the week of hard practice since its last engagement, and the Buff and Blue men are in good condition to meet the onslaughts of this highly-touted quint from the North. Coach Morse has been priming his trossers for this contest, and has given them a number of new plays. In the scrimmages against the Freshmen during the past week the Varsity showed plenty of speed in floor work and accuracy in shooting.

The Hatchettes are gradually acquiring the knack of working the ball down the floor with bullet-like passes to the point where someone breaks loose and cuts for the basket for an easy shot. Smoothness in team play is becoming more pronounced in each scrimmage, and the Bucknell team should find plenty of opposition when it stacks up against G. W. tonight. Gosnell and Klopsch will probably start at the forward positions, Brown will be the pivot man, while Capt. Daily and Goldstein will take care of the defense. Springston, Hyde, Altrup, Annuario, Held, Solomon, and Rutley are in reserve, and will be ready to hop into the fray should any of their mates falter.

PHI SIGMA DANCES.

Phi Sigma will give a subscription dance on Saturday, February 3, at the Hotel Lafayette. Tickets for this dance may be obtained from any of the members of the sorority.

PLAN NEW BUILDING AS UNIT IN GREATER G. W.

Department of Arts and Sciences

Rooms Next Fall.

TO HAVE BIG ASSEMBLY HALL

Increase in Enrollment Makes Addi-
tion Necessary to Avoid Over-
crowded Classrooms.

Charles Carroll Glover, Jr., was appointed chairman of the Committee on Buildings and Grounds, and charged with the work of securing plans and directing the erection of a new \$250,000 building as a unit in the Greater George Washington, at a meeting of the University Board of Trustees, held January 29, 1923.

This new building is the first of a series contemplated for the University. It is to be erected on the north-west corner of 21st and G Streets, on the site of the present architectural buildings. The building will cover the entire lot, part of which is now vacant.

The plans for the new structure will include an assembly hall on the first floor, large enough to accommodate the smaller convocations and such student affairs as desired, with all stage fixtures for dramatic presentations. The second and third floors will be fitted out as classrooms, and will give room enough for seven hundred or more students. The entire

G. W. GIRLS WIN FIRST RANGE MATCH IN U. S.

Sophia Waldman Obtains Per-
fect Score in Contest With
University of Maryland.

Last Saturday, out at College Park, the newly organized G. W. U. Girl's Rifle Team opened the season with a victory over the Maryland University markswomen in the first shoulder-to-shoulder rifle match ever held in the United States (or anywhere else) between college girl's rifle teams. The G. W. team was made up of girls who have all had previous shooting experience with the strong Central High School girl's rifle team, and on this account a rather easy victory was expected, but the Maryland sharpshooters put up an unlooked for exhibition of very straight shooting, with the result that they held the lead in the match for a time, and were finally subdued only when Sophia Waldman, the last G. W. shooter, settled matters decisively by shooting a "possible" that would have done credit to any champion in the game.

The score follows:

George Washington University.	
Katharine Edmonston (Capt.).....	96
Edna Kilpatrick.....	97
Isabelle Buntin.....	94
Elizabeth Faris.....	98
Sophia Waldman.....	100
485	
Maryland University.	
Grace Coe.....	99
Myrtle Lewton (Capt.).....	92
Betty Amos.....	94
Anna Dorsey.....	92
Thelma Winkjer.....	94
471	

A return match with Maryland will be fired later in the year. In the meantime several other matches are being scheduled, and a team has been entered in the Intercollegiate open championship—the first girl's team ever to enter this event.

GLEE CLUB CONCERT SONGS WRECK MACHINE

No one can hear G. W. U. Glee Club songs free, fate decrees.

Nelson Anderson, Glee Club member, District of Columbia Highways Department employee, in the daytime, was singing next Saturday night's glee concert numbers while he, Thomas M. Latimer, Engineering College, and two others were motoring out to repave Rhode Island Avenue N. E. last Monday.

The steering wheel broke. The machine was wrecked against a trolley pole. Anderson is well enough now to complete the concert, but Latimer must pay \$1 to hear it.

Let Us Sing

Somewhat early with its first presentation, but as good, if not better, than before, the Glee Club concert will be held at Rauscher's to-morrow night. This organization is one of the oldest of George Washington's student activities, and has brought a great amount of credit to the school it bears the name of. As many of the old selections as have been sung in years gone by will be interpreted by the Glee Club boys to-morrow night, and a greater number of popular songs will be added.

As usual, there will be a dance after the concert. This has always been added to the musical program in order to make the event more attractive, but it was unnecessary this year. It will merely be a pleasing finale to an evening of music, attractive enough of itself. There is one thing left unsaid as yet that will mean success or failure to these men who have the best interests of the University at heart, as evidenced by the conscientious work throughout the year. That one thing is student support.

Without student support the concert will be a complete failure. This should not have to be pointed out, but sad to relate, it seems to be essential if we are to judge from past experience. Every student in the school must get behind the singers and help to uphold the reputation they have earned through many years of patient effort. Come to the concert. But more than that, bring your friends. You will be safe in promising them an evening of enjoyment and a feeling of satisfaction at the end of that evening. Come out.

Pep 'Em Up

Exams are over. Junior week, the big social week of the school year, draws near. Is it going to be successful? That depends entirely on you. Those in charge are working night and day to perfect the plans that will make this the biggest and best Junior week the University has ever passed through. There is no flaw in the arrangements. There is only one gap. That must be filled by the students.

Three big attractions will feature the week. One is unusual. That is the play. It is not entirely new, for plays have been presented during Junior weeks before, but it is new to the majority of those students who are here now. The play selected is the "Charm School." This was one of Wallace Reid's greatest successes, and holds a certain added interest, due to that actor's untimely death. The directors of this production are capable to accomplish their task; not an easy one, and the show should go over with a bang.

It is up to those enrolled at the University to support the reception, the prom, and the play. If they do this, the Junior week of 1923 will go down as one of the biggest weeks in the history of George Washington University activities. "Pep" 'em up.

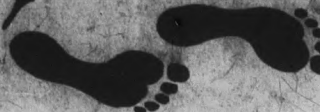

The Ugly Monster

Agitation is rife throughout the whole country over the prevalence of the drug evil. This agitation is not, as some suppose, merely founded on the airy base of the dreams of some person or group. It is fact. The number of drug addicts in the United States at the present time is astounding. The increase of the drug traffic during the past year has been actually appalling.

You may ask what this has to do with college men and women. You should have sense enough to know. What is the duty of the college graduate but to aid his fellow men? Nothing else. You may aid in the extermination of this terrible vice if you are willing to. Surely you must be willing, for as educated Americans you can not help but know the awful suffering that comes to those who succumb to the witchery of narcotics.

Study conditions as they exist and are interpreted to you through the daily newspapers. Keep your eyes open, and whenever you see the malicious head of the dope devil raise up, stamp it down. Keep the miserable and soul-racking results of drug addiction before those around you that they will not be tempted by creatures who make that tempting their sole aim and occupation. Do not think anyone is beyond the temptation of taking "just a little medicine." Your nearest and dearest friend may be next. Protect that friend.

THE SPY

Garrick.

After a week of unwelcome darkness the Garrick reopens Monday night when Pauline Lord, excellent actress, comes to town in "Anna Christie." The play is one of the successes of the last season and one of the few making a success in the "provinces" in this season when some of the biggest New York hits are doing the "flop." Miss Lord is supported by George Marion and Frank Shannon. The play comes to us with a good record.

President.

The unparalleled success of "Abie's Irish Rose" continues to gain strength at the President. Manager Smith and his company may have established a record that will not be broken for many years, for this Jewish-Irish riot goes into its eleventh week Sunday. The cast has become letter perfect in their roles, and "a good time is had by all." This comedy by Anna Nichols is a sure guarantee for an evening of hilarious entertainment.

National.

Another new production is to be tried out on Washington before going to New York, when David Belasco brings Lionel Atwill to town Monday night in "The Comedian," an adaptation from Sacha Guitry. The star stands out as one of the brightest of the theatrical firmament, and the play adapted and directed by "the dean of producers" makes this something to look forward to.

Poll's.

Washington gets a taste of high life and sky prices next week when the Chicago Opera Company hits the village. They will present "Aida," "Tosca," and "Sniegurotchka" on Monday, Tuesday, and Wednesday nights, respectively. A treat for opera lovers with fat pocketbooks. Yes, Mary Garden will be there.

This Week.

President: Eileen Wilson and Henry Duffy continue to be married three times daily. Tenth week of "Abie's Irish Rose," with all Washington records shattered. A comedy of racial antagonism packed full of laughs. Recommended.

Garrick: The house hospitable is dark this week. Reopens Monday.

National: William Gillette, veteran, revives "Sherlock Holmes." Enter.

Correction.

In a recent copy of the Hatchet we printed a reply to a letter sent us by one Miss Yvette, informing her that "Eddie" Pardoe did not believe in Santa Claus. We wish to correct this error at the request of Mr. "Eddie" Pardoe, who says that he does believe in Santa Claus. We thank you.

P. S.—"Eddie" Pardoe believes in the Easter Bunny, too!

Just for your own information, don't tell a long lost girl friend that you recognized her by her hat—as we did recently.

Would suggest that the Student Council send for Dr. Coue and have him pump into those proper authorities some of his auto-suggestion stuff about the Compulsory Students Activities Tax. Believe you me, it would be some grand old test for Doc. Coue.

"The way of an Eagle in the air"

CENTURY after century men broke their necks trying to fly. They had not troubled to discover what Solomon called "the way of an eagle in the air."

In 1891 came Samuel Pierpont Langley, secretary of the Smithsonian Institution. He wanted facts. His first step was to whirl flat surfaces in the air, to measure the air pressures required to sustain these surfaces in motion and to study the swirls and currents of the air itself. Finally, in 1896, he built a small steam-driven model which flew three-quarters of a mile.

With a Congressional appropriation of \$50,000 Langley built a large man-carrying machine. Because it was improperly launched, it dropped into the Potomac River. Years later, Glenn Curtiss flew it at Hammondsport, New York.

Congress regarded Langley's attempt not as a scientific experiment but as a sad fiasco and refused to encourage him further. He died a disappointed man.

Langley's scientific study which ultimately gave us the airplane seemed unimportant in 1896. Whole newspaper pages were given up to the sixteen-to-one ratio of silver to gold.

"Sixteen-to-one" is dead politically. Thousands of airplanes cleave the air—airplanes built with the knowledge that Langley acquired.

In this work the Laboratories of the General Electric Company played their part. They aided in developing the "supercharger," whereby an engine may be supplied with the air that it needs for combustion at altitudes of four miles and more. Getting the facts first, the Langley method, made the achievement possible.

What is expedient or important today may be forgotten tomorrow. The spirit of scientific research and its achievements endure.

JOINS NATIONAL BODY**

It is pleasant to know that our Alma Mater is forging ahead. The George Washington University Society of Civil Engineers has been notified that their application for affiliation with the American Society of Civil Engineers as a student chapter, to be known as the George Washington University Student Chapter, was approved at the meeting of the board of directors of the American Society of Civil Engineers. This places George Washington on a footing with most of the other large universities and engineering schools in the country. The function of the chapter is to supplement the school courses and to aid the embryo engineer to meet older men in the profession. All students pursuing a course in civil engineering are eligible to membership in the chapter. The dues are the small sum of three dollars a year.

HATCHET STAFF REDUCED

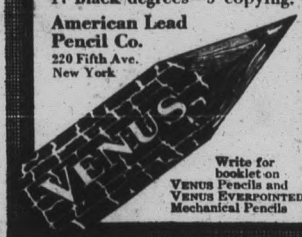

Several members of the Hatchet staff have been asked to turn in their resignations because of a reorganization of the staff. It is understood that these people were not dropped because of inefficiency, but because the staff was too large for the work of publishing the Hatchet. This notice is published to explain their removal and inform them of that action.

**GEORGETOWN DEFEATS
G. W. IN ROUGH BATTLE****Second G. U. Game Canceled on
Account of Conflicting Dates.**

G. W. went down to defeat after a hard court battle with Georgetown on the Coliseum floor January 20, by the score of 39 to 20. The Hatchettes put up a game fight, but could not cope with their heavier opponents, who literally wore them down in one of the roughest contests witnessed in Washington this season.

Taking advantage of their weight the Hilltoppers tripped, held, and pushed their way to victory. A good many fouls were called, but they were very few in comparison with the number that were committed.

G. W. was the first to score, as Springston caged a neat floor goal from the center of the court. After that it seemed to be all Georgetown. The half ended in G. U.'s favor, 20 to 8. In the second half G. W. fought hard, and gave the Blue and Gray men more of a battle, but the combination of Flavin, Florence, and O'Keefe could not be stopped. Goldstein had to leave the fray, having committed four personal fouls, and Daily was almost exhausted by his efforts to stop the Hilltop offense. Capt. Daily played a great defensive game and brought the ball down to the floor in good style.

If another date can not be agreed upon for a return engagement, G. W. will not meet Georgetown until next fall, and that will be on the gridiron in the first game for both teams.

Line-up and summary:

**PLAN NEW BUILDING AS
UNIT IN GREATER G. W.**

(Continued from page One.)

fourth floor will be used as an architectural "laboratory."

The increased enrollment of the past three years has forced the trustees to provide larger and more suitable quarters for the students. It is understood that the University holdings on G and 20th Streets will be converted into structures of a type uniform with the proposed new one.

The date of opening of the building is problematical, depending entirely upon the time the plans are completed and the actual construction begun. It is planned to erect the northern half of the building first in order that the present building may not be discarded until the new one is ready.

Mr. Kayser, secretary of the University, has assured the Hatchet that the new building will not disturb "Baby Annie," Mr. Kayser's pet canon. It will be remembered that "Baby Annie" was presented to the University by the French Government in 1920, and that Mr. Kayser has taken an especial interest in her welfare ever since.

As soon as the ground freezes sufficiently "Annie" will be trundled from her present position to a place across the street directly in front of the Woodhull Administration building.

taining. The star stands out in high relief above the rest of the company. We always enjoy witnessing the keenness and assurance of Gillette.

Poll's: "Blossom Time," the life story of Franz Schubert set to his own beautiful music. The tale is fragile, but the piece is given great beauty by the music. We wonder if The Mary liked it.

**Y. W. C. A. GIVES PARTY TO
WELCOME FROSH GIRLS**

All girls of the University, and especially those who are just entering, are invited to attend a "get acquainted party," given by the Y. W. C. A. on Friday evening, February 9, at 8 p. m., in Lisner Hall.

**WILL MEET CATHOLIC
UNIVERSITY TUESDAY**

G. W. Team Has Been Defeated Only
Once This Season—Hard
Battle Expected.

G. W.'s old rival, Catholic University's quint, will be met on the Coliseum floor next Tuesday night at 9 p. m. A good preliminary battle between the Freshmen teams of the two universities is to be played, starting at 8 o'clock.

G. W. will have to travel at a fast pace if it expects to emerge a victor. Coach Morse will start the same line-up that faces Buchnell to-night. The Freshmen are just as anxious to set back the Brooklanders as the Varsity, and a good contest should be staged.

Beeton and Woerner will be at forward; Taylor, center; and Capt. Kent and Joyner in the guard positions.

HATCHET DANCE FEB. 17.

Don't forget the Valentine Dance of the Hatchet, to be held at the Kappa Sigma Frat House, 1758 N St. N. W. Every one remembers the last dance that they gave; if you were not there you missed it. Come and bring somebody with you. The same music will thrill you, and there will be plenty of refreshments for all, at the modest and moderate sum of \$1.50 per couple. All of this treat will be held on the 17th of February, 1923, commencing at 9 o'clock p. m.

MASONS MEET.

The next regular monthly meeting of the George Washington Masonic Club will be held Monday evening, February 12, 1923, 8 p. m., at the Gavel Club rooms, 719 13th St. N. W. Every member is earnestly requested to attend, as there is lots of business to transact.

Home is the place where modern sons and daughters sleep when everything else is closed.

PASTRIES SUPREME**The Best Business Career**

Is what every ambitious senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively under-developed. Only 7 per cent of the economic value of human life in the United States is covered by insurance. This gives an idea of the big field still to be worked, especially business insurance for firms and corporations.

As to remuneration: Reports of college graduates who have entered business indicate that life insurance is at the very top as a source of income. Now is the time for you to consider what you are going to do after graduation. If you are ambitious and willing to work hard and are interested to know about life insurance, address

SPORT NOTES

Hyde, G. W.'s dimutive guard, showed more nerve than sense when he started to mix things with Flavin in the recent Georgetown game. Hyde and Flavin are "Mutt and Jeff" in another atmosphere.

C. U. freshmen were given a 14-13 setback by Central High in a recent court game. The Buff and Blue freshmen will stack up against the Brookland club on February 6.

Most of the local colleges have their football coaches for 1923 under contract and are looking forward to a big year. Quigley will return to G. W. Dooley will be at C. U., Hughes is to coach the Kendall Greeners again, and Curley Byrd is a fixture at Maryland, but G. U. has been unable to select a grid coach as yet.

\$21,349.64 were the net proceeds of Penn State's trip to Pasadena on New Year's Day. President John M. Thomas received a check for above amount from Graduate Manager Neil M. Fleming shortly after the return from California. It will be used in equipping Varsity Hall.

"Greasy" Neale, the W. & J. coach, now at the University of Virginia, left the treasury at the Red School with a sum of \$42,000, which was \$18,000 in the hole when he took charge in 1921.

Discussion on the length of course for the collegiate regattas has been more in favor of returning to the four mile grind. It is claimed that the shorter races that have been tried are uninteresting, and the men strain themselves just as much as in the four-mile race.

Prospects for a good football year at G. W. look very bright. We have an excellent coach and manager in Quigley and Ladd. A schedule of teams in our own class has been arranged, and a number of letter men are returning.

TRAVELERS FRATERNITY GETS NATIONAL CHARTER

Installation into Masonic Order Will Take Place During Easter Holidays.

The local Travelers Fraternity, 1719 Eye Street N. W., composed of student Masons in the University, has received official notification from the president of the National Acacia Fraternity that their petition for a charter in that organization has been granted.

Installation of the new chapter, which will be the thirty-first in the national group, will probably take place during the Easter Holidays. Members of the Washington Alumni Association of Acacia, which has been active in the support of the Travelers' petition, are expected to be present to assist in the installation ceremonies.

The Acacia is one of the strong national college fraternities. It was founded by student Masons in the University of Michigan in 1904. It is a social fraternity and selects its members from students who belong to the Masonic Order. At present the Acacia boasts of thirty chapters and a membership in excess of six thousand, including alumni. Most of the leading universities of the United States have a chapter of Acacia.

RECEPTION AT RALEIGH FIRST JUNIOR EVENT

(Continued from page One.)

Rotating Tea Sunday.

Sunday will see an innovation in the form of a rotating tea, under the auspices of the Interfraternity Association. It is planned to serve a "Nine Course Tea" (at least Francis Brown swears that's it), one course being served at each of the fraternity houses. Sigma Chi will start the parade by offering the first course at 2:30 p. m. on the afternoon of the 25th, and the following will be visited for a half hour's stay in the following order: Phi Sigma Kappa, Sigma Nu, Kappa Sigma, Delta Tau Delta, Sigma Phi Epsilon, Theta Delta Chi, Kappa Alpha, and Sigma Alpha Epsilon. Menus are being printed which will give full and explicit directions for attending the various "places of interest." More will be announced in the next Hatchet.

Juniors Give Play.

Monday night the 26th will see the final event. At that time the Juniors will present Alice Duer Miller's three act comedy, "The Charm School," in the Masonic Auditorium, Thirteenth and New York Avenue.

The play should prove a success. It is a comedy centering about the story of a young man who has inherited a girls' school from a maidenly aunt, and who manages it under the system of teaching the girls to be "charming." Quite the moth's mustache from what has been heard.

Tickets for the play will be sold independently of the Prom tickets, and will retail for a nominal sum. Announcement later.

PREDICT GOOD TIME AT VALENTINE DANCE

"Yassum, folkses, deys at it again, an' dis heah vallatin' dance am gwine to be sumthin'—class, style, and ever'—thing. You all done recollect dat dey give a dance some months back—oh, boy, oh, boy—dat was the elephant's overshoes. I know, cause I was pohtah. An' I know the same jazzers is gwine ter work on you all's feet so as you can't stan still—and eats!!! dat am whar dem newspaper peoples don't do nothin' else but, and believe you I dey is gwine to be a plenty. You all can't have no fun if'n you don't bring a gal—so, stop-head, open yo' skull—dis treat is at de Kappah Sigma Fraternity house—1755 N St. N. W. Get yo' gal an' come do yo' stuff an' have dis gallavatin' time fuh de mere trivial, trifling sum of one dollah and foh bits.

THE TEA-HOUND.

Watch Him, He May Be Spying On You.

Guess we'll have to apologize to Mr. Stout. From all we've heard he doesn't seem to like to appear in our column.

Heard that Mr. Giddings asked Marguerite Daly for Rae Riley's telephone number. Why didn't you give him her address, too, Marguerite?

Many requests have been made for men like Francis Brown. Careful, Abby.

Saw Etta Taylor and Bob Gordon at the Paradis last Saturday. George Bonebrake was there with a good-looking girl, too. Did she fall for the cute mustache, George?

Heard that Bailie Springston and Red Wallace were at Wardman, Saturday night. Yes, Bailie was with Boots.

We know several people who went to the Rialto last week, but Bob McNeil is the only one whom we know who got away with two bottles of the "wine."

We heard that Dale Fisher has lost his fraternity pin. Whatcha go up to Central High School for every day, Dale? Think you'll find it up there? Well, we saw one up there like yours.

We bet the postman wishes Laurie Huck's girl would stay in town.

MASONIC SMOKER.

All Masons of the University and faculty are invited to attend a smoker given by the Masonic Club at the Travelers Fraternity at 1719 Eye St., on February 3, at 8 p. m.
